

# HOT TODDY

- 2 oz bourbon
- ½ oz cinnamon syrup
- heaping teaspoon honey, increase to 1 tablespoon if not using cinnamon syrup
- scant ½ oz lemon juice
- 4 oz (or so) boiling water
- 1 dash angostura bitters - optional
- orange peel - optional
- lemon wheel and cloves for garnish - optional

Combine all ingredients in a mug, including water (room temperature is fine), and microwave for about 90 seconds.

OR

Combine all ingredients in a mug, including water (again, room temp is ok), pour it into a small pot, cover and heat on the stove until bubbling. Then pour it back into the mug.

Express the oils from the orange peel and discard. Garnish with a clove-spiked lemon wheel.
