

# PORT OF PUNCH

- 2 cups gin
- 2 cups port
- 1½ cups lemon
- 1 cup cinnamon syrup
- 2 cups chilled water or 3 cups ice
- about 1 cup cranberry preserves (or 16 tablespoonfuls)
- raspberries, blackberries and 1 long grapefruit peel

In a pitcher or punch bowl, combine ingredients (excluding ice, if using) and whisk or blend them so the preserves have been integrated. Strain out the solids from the preserves, if desired. If using water chill punch until ready to serve, or add ice 10-15 minutes before. The colder it is the better. For using a punch bowl, ideally serve over a large punch ice cube. Ladle/pour into glasses over ice.
